Special Needs Admissions

Students with identified or suspected special educational needs are welcome at Success Unlimited Academy. To ensure appropriate placement and determine whether SUA can effectively meet a student's educational needs, all applicants requiring special education services must complete an educational evaluation and placement assessment prior to acceptance or classroom placement. This process allows our staff to recommend the program that will best support the student's academic, behavioral, social, and developmental growth.

Nondiscrimination Policy

Success Unlimited Academy admits students of any race, color, national or ethnic origin to all rights, privileges, programs, and activities generally accorded or made available to students at the school. The Academy does not discriminate on the basis of race, color, national or ethnic origin in the administration of its educational policies, admissions policies, scholarship programs, athletics, or other school-administered programs.

Individualized Learning

Because no two students learn exactly alike, Success Unlimited Academy is committed to providing individualized instruction designed to help each student reach his or her fullest potential. Educational programs and placements are determined through a careful review of academic records, assessments, and, when appropriate, developmental evaluations.
